

SAFETY ASSURANCE FOR FOOD ESTABLISHMENTS (SAFE) FRAMEWORK

The Safety Assurance for Food Establishments (SAFE) framework is an integrated licensing framework to provide better food safety assurance to consumers.

Under the framework, food establishments across retail and non-retail food establishments that have demonstrated good track record of food safety assurance

(i.e. no major food safety lapses over a stated period of time) and have in place capabilities and systems to ensure better food safety and hygiene standards (e.g. appointment of Advanced Food Hygiene Officer, implementation of Food Safety Management System) will be eligible for longer licence durations and higher award tiers.
